

# Invisalign Part II

"Yes, you can do that with Invisalign, Part II"

By Dr. Willy Dayan

*(It is not a requirement to have attended Part I)*

**Date:** Friday, August 27<sup>th</sup> 2010

**Time:** 9:00am-3:00pm (6 CE credits)

**Location:** Capitol Grille

**301 Fifth Ave**

**Pittsburgh, PA 15222**

*Please RSVP as soon as possible or by August 20,2010 This meeting is filling up quickly and we have limited space. Please RSVP to [nanditapearce@gmail.com](mailto:nanditapearce@gmail.com) or Gary Homolka [ghomolka@aligntech.com](mailto:ghomolka@aligntech.com).*

**Speaker:** Dr. Willy Dayan

Dr. Dayan received his DDS from the University of Toronto in 1986. Following a year of general practice residency at the Montreal Jewish General Hospital and two years in private general practice, he returned to the University of Toronto and completed his diploma in Orthodontics in 1991. In addition to his full-time private practice in orthodontics, he is a guest lecturer at the University of Toronto Department of Orthodontics, The Toronto Academy of Cosmetic Dentistry, The Ontario Dental Association, and The Alpha Omega Dental Fraternity. Dr. Dayan attends the Pankey Institute for Advanced Dental Education. He became an Invisalign provider in the fall of 1999, has treated over 800 cases, and is currently an Elite Premier Provider.

## Course Description:

This will be a continuation of his course from January.

Come and learn how to "Think Like Plastic and Feel Like a Tooth". Dr. Willy Dayan will show successful cases of challenging Invisalign movements, so you can correct with INVISALIGN ALONE AND NO AUXILLARIES:

- Deep overbites where absolute intrusion of incisors is required.
- Paralleling roots of teeth in extraction spaces.
- Extruding and rotating maxillary lateral incisors.
- Closing anterior openbites with posterior intrusion.
- Surgical orthodontics with never a brace on the teeth.
- Class II and Class III corrections.

LEARN HOW TO BREAK THAT INVISALIGN BARRIER

**We are looking for cases to review. Have a ClinCheck that didn't work out as planned? Provide Gary Homolka ([ghomolka@aligntech.com](mailto:ghomolka@aligntech.com)) with the patient name and we will review the ClinCheck and learn how to prevent that from happening again.**

Regards,

Dr. Nandita Pearce

(president, WPSO)
